SHEFEENA E S

FRONTEND ENGINEER - React / Next.js Developer

Salah Al Din, Deira, Dubai | shefeena.e.s@gmail.com | +971 506338702 | Residing in UAE on Husband-Sponsored Resident Visa |

LinkedIn

PROFESSIONAL SUMMARY

Results-driven Frontend Engineer with Results-driven React.js Developer with 3+ years of expertise in building scalable, high-performance web applications. Proficient in React.js, TypeScript, JavaScript (ES6+), and modern front-end technologies. Experienced in building reusable components, state management (Redux, Context API, Zustand), RESTful API integrations, and delivering responsive, cross-browser compatible interfaces. Strong background in Agile/Scrum methodologies, code reviews, and optimizing web performance. Passionate about collaborating with cross-functional teams and staying updated with the latest industry trends.

AREAS OF EXPERTISE

- **Frontend Technologies:** React.js, Next.js, Redux, Context API, Zustand, TypeScript, JavaScript (ES6+), HTML5, CSS3
- **UI/UX & Styling:** Tailwind CSS, Material-UI, Figma to Web
- **API Integration**: RESTful API, Axios
- **Tools:** Git, GitHub, Vercel, CI/CD, Agile Workflow
- **Basic Knowledge:** AWS, Azure, GraphQL, GSAP, Docker, Node.js, Express.js, MongoDB, PostgreSQL

WORK EXPERIENCE

Frontend Developer, Trycle | Remote

November 2024 – March 2025

- Built modular, reusable components using React.js and Next.js.
- Developed responsive UI with Tailwind CSS.
- Translated Figma designs into interactive interfaces.
- Developed an HR request approval system with multi-level approvals and real-time tracking.
- Managed state with Zustand and integrated REST APIs.
- Deployed applications using Vercel and maintained CI/CD pipelines.

Software Engineer, KITAAB.AI (Fintech) | Dubai / Kerala, India

July 2023 – December 2023

- Maintained and enhanced fintech web applications using React.js, Next.js, and TypeScript.
- Used Material-UI for consistent UI styling.
- Debugged complex frontend issues, improving UI performance and responsiveness.
- Implemented scalable frontend components with advanced DOM handling.

Associate Software Engineer, CloudVandana Solutions | Remote

July 2021 – December 2022

- Integrated Microsoft OneDrive and Amazon S3 into Salesforce LWC apps.
- Created test cases achieving 90 %+ code coverage.
- Worked on Salesforce-Next.js integration with focus on frontend optimization and API communication.

Internship Trainee, Exlygenze Senseworks Private Limited | Remote

December 2020 – July 2021

- Developed reusable frontend components using React and JavaScript.
- Optimized Python-Django queries to improve backend performance.
- Contributed to dashboard features and explored React hooks for modular development.
- Built modular, reusable components using React.js and Next.js with backend integrations via Node.js and Express.js REST APIs.

EDUCATION & QUALIFICATIONS

- **Master of Computer Application (MCA)**
  APJ Abdul Kalam Technological University, Kerala, India | **CGPA: 9.21**
- **Bachelor of Computer Application (BCA)**
  Calicut University, Kerala, India | **Percentage: 75%**

SOFT SKILLS

- **Attention to Detail:** Deliver pixel-perfect, intuitive UI/UX.
- **Problem Solving:** Efficient in debugging and resolving issues.
- **Time Management:** Skilled in juggling tasks and meeting deadlines.
- **Analytical Thinking:** Troubleshoot complex front-end challenges effectively.
- **Teamwork:** Strong collaborator in Agile environments.
- **Adaptability:** Quick learner, eager to embrace new tech.
- **Technical Expertise:** Apply solid front-end knowledge to scalable solutions.
- **Communication:** Clear, effective in both written and verbal formats.
